

Directory of SLEs-Redborne Teaching School Alliance

Name: Matthew Jones

School Name: Redborne Upper School

Current Position: Head of Maths

Designation: Specialist Leader in Education

Main Phase: Secondary

Specialist Areas: Mathematics, Literacy and Numeracy across the curriculum.

Statement

I am dedicated, enthusiastic and supportive. I have worked at Redborne Upper School for the past 8 years, where I have been regularly promoted and I am currently head of a large mathematics faculty made up of 14 specialists. Under my leadership the faculty has consistently produced fantastic results which are well above national averages. I coordinate a number of interventions that concentrate on progress 8 improvement, closing the gap for pupil premium students and achievement for all students. All interventions have a clear data focus and measurable outcomes.

I have experience of working with other maths teams and last year I supported three UTCs by providing bespoke revision days and marking moderation. Feedback from these collaborations has been overwhelmingly positive and reflects the constructive nature of the partnerships.

I also have expertise of Literacy and Numeracy across the curriculum, having been coordinator at Redborne and also for Bedfordshire SCITT. I support the development of literacy and numeracy teaching practices for 40-60 trainees each year through seminars and twilight sessions.

I have completed a Masters in Education with Distinction from the University of Birmingham. I am committed to both self-improvement and the overall improvement of all schools. I would relish the

opportunity to work together with you and your school to help improve the experience of your pupils.
