

**STEM Undergraduates**

## **Internships**

# **Teaching Internship at Redborne Upper School in Ampthill (4 weeks – limited places) 14th June – 9th July 2021**

**Are you an undergraduate studying Science, Technology, Engineering or Maths (including degrees such as Economics which have a significant amount of maths)?**

**Have you an A level in Physics or Maths?**

If you answered YES to both these questions, you could earn £300 per week as one of our Interns this summer. You would gain valuable teaching experience, working with students and staff in Maths and/or Physics classes, with opportunities to plan and deliver aspects of lessons, shadowing staff and undertaking lesson observations and supporting staff in delivering enrichment activities.

**To apply for this role, please email
