

KS3 Curriculum Overview - Textiles & Fashion

Your child will learn about how a variety of textile products are designed and made in industry and domestically. They will develop and apply practical knowledge, skills and understanding of processes used to design, make and decorate textile products during each half term, with a focus on sustainability.

Term	Year 9
Autumn / Spring	<p>Surface Decoration</p> <ul style="list-style-type: none"> • Researching fashion brands & designers / existing products • Designing to a theme / brief • Mood boards • Generating and developing design ideas • Technical skills - decorative techniques (printing & embroidery) • Creating presentation boards • Applying decorative techniques to textile products for bespoke outcomes <p>Pillowcase / Tote Bag Challenge</p> <ul style="list-style-type: none"> • Product analysis & disassembly • Technical sewing skills - construction techniques • Sewing machine practice • Manufacturing specifications • Making high quality samples • Creating a tote bag from an old pillowcase
Spring / Summer	<p>Upcycling</p> <ul style="list-style-type: none"> • Apply skills learnt in the first two projects to upcycle a textile product of your choice using a variety of construction and / or decorative techniques • How to repair / alter clothing and textiles products using a variety of hand and machine techniques

Through the study of Textiles your child will be expected to develop the following knowledge, skills and understanding:

Concepts / Skills

- Research, analysis & review
- Design generation & development process
- Construction and surface decoration techniques
- Communication & presentation techniques

Parents can support their child by; checking resources and deadlines on Google Classroom and encouraging them to practice the techniques learnt in school at home (to help repair / alter old clothing & textile products)
