

KS3 Curriculum Overview - History

Your child will learn about twentieth century Europe, starting with an in-depth study of the First World War. They will develop their knowledge, skills and understanding of significant world events throughout History that resulted in a change that has an impact on the world we are living in today during each half term.

Term	Year 9
Autumn	• What was life like for Britons 1200-1900? Focus on key events that affected the general population. • Causes of the First World War • World War One Overview, with focus on trenches as a historical environment
Spring	• The rise of Fascism in Europe in the 20th Century • Overview of the Second World War •
Summer	• Causes of the Holocaust • The Holocaust: Responsibility and Remembrance

Through the study of History your child will be expected to develop the following knowledge, skills and understanding:

Concept / Skill 1	Concept / Skill 2
• Cause and consequence • Change and continuity	• Source analysis • Significance

Parents can support their child by reminding them to complete homework that is set on Google Classroom, encouraging them to use sites such as BBC Bitesize to expand their knowledge and by discussing their learning with them.
