The qualification will help your child to develop learning and skills that can be used in other life and work situations, such as:

Research skills	Communication skills
The NEA set assignment - students will need to complete research about feeding solutions and the nutritional needs of children.	Within the NEA set assignment students will need to make recommendations to the nursery on activities which support development.

Parents can support their child by encouraging them to regularly check Google Classroom for homework and coursework deadlines. Assessment revision lists and resources will also be uploaded to the classroom.
