TEACHING INTERNSHIP OPPORTUNITY AT REDBORNE UPPER SCHOOL, 17th June 2019 – 12th July 2019

Are you in your penultimate year of undergraduate study doing Science, Technology, Engineering or Maths (including degrees such as Economics which have a significant amount of maths)? Have you an A level in Physics or Maths? If you answered YES to both these questions, you could earn **£300 per week** as one of our Interns this summer. You would gain valuable teaching experience, working with students and staff in Maths and/or Physics classes, and supporting in other areas of school life such as PE/Sport, Drama, Music or Art.

We have a limited number of places available.

The four-week internship will include:

Supporting Maths and/or Physics classes, with opportunities to plan and deliver aspects of lessons

Shadowing staff and undertaking lesson observations

Supporting staff in delivering enrichment activities

This Internship opportunity is funded through the Department of Education.

The internship will be based at Redborne Upper School, Ampthill, Bedfordshire.

Please contact Vicki Walsh stvwalsh@redborne.com for further information and an application form OR go to the Teaching School section of our website www.redbornecommunitycollege.com/ and download applicant documentation via The Paid Internship Programme section.

Qualifying applicants will be invited to attend a friendly and informal selection meeting. We appreciate that applicants have study and exam obligations, so several dates will be offered. Successful applicants will be subject to an enhanced DBS check. Redborne is an equal opportunities employer.

Redborne is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.
